**bribed** by health insurance companies to peddle as many jabs as possible in exchange for cash.

A leaked document from Anthem Blue Cross and Blue Shield (BCBS) Medicaid – *see below* – shows how the health provider created a "COVID-19 Vaccine Provider Incentive program" to reward doctors for pushing covid jabs on their patients.

"Getting vaccinated against COVID-19 is one of the best and safest ways people can protect themselves and their families against the virus," Anthem Medicaid claims in the document's opener.

"As a participating practice in the COVID-19 Provider Vaccine Incentive program, we recognize your hard work by offering incentives for helping patients make the choice to become vaccinated."

and have a panel size of 25 or more members.

"All Anthem members identified as receiving COVID-19 vaccination services are included in the methodology," the document states. "Vaccine results will be determined by a COVID-19 vaccine claim or by confirmation from the Kentucky Vaccine Registry."

Anthem calculated the payments to be disbursed in two separate time periods: the first one Sept. 1, 2021, and the second on Dec. 31, 2021. The greater the percentage of Anthem members vaccinated for covid, the higher the payments, according to the plan.

For each Anthem member vaccinated up to 30 percent of the member pool, a physician qualified to receive a \$20 "bonus" payment. If a doctor can get more than 30 percent of Anthem members jabbed, he or she received \$45 for each up to 40 percent; \$70 for each up to 50 percent; \$100 for each up to 60 percent; and \$125 for each at 75 percent and beyond.

The structure for the second and final bribe payment was similar except the payment tiers are much higher. If 30 percent of Anthem members got jabbed, a qualifying doctor received \$100 per newly jabbed member. The rest is as follows:

- 40 percent of Anthem members vaccinated equals \$150 bonus per newly jabbed member
- 50 percent of Anthem members vaccinated equals \$175 bonus per newly jabbed member
- 60 percent of Anthem members vaccinated equals \$200 bonus per newly jabbed member
- 75 percent of Anthem members vaccinated equals \$250 bonus per newly jabbed member

Doctors are given bonuses from Big Pharma if they meet certain quotas for getting their young patients vaccinated as the screenshot below illustrates.

I'd bet money Big Pharma paid clinics to push the covid vaccine as the most influential person health-wise in most peoples'... [Show more](#)
